HURACAN BULLPUP

HURACAN

BULLPUP

The Huracan GT12 is a 12ga gas-operated, semi-automatic shotgun with a 30" overall length and an 18.5" barrel. It is chambered for up to 3" shells, making it versatile in terms of ammunition options. The shotgun can shoot standard field loads and 1 1/8 oz slugs interchangeably. It features a removable choke system using Beretta®/Benelli® Mobil Threads and comes with one extended ported cylinder-bore choke tube. The shotgun is equipped with a rubber recoil pad, sling mounts, and a fixed carry handle with sights, as well as flip-up front and rear sights. It includes two 5-round magazines. The firearm is backed by a two-year warranty, ensuring reliability and Support.
